

Lamborn Trail #894

The Lamborn Trail #894 starts just south of Bell Creek Springs and climbs up between Mt. Lamborn and Landsend. After passing between the two mountains and passing an intersection with the Mt. Lamborn Trail #895 it contours through the aspen until it intersects with the Inter-Ocean Pass Trail #890.

This trail along with trail #895 provides a relatively easy access to those wanting to climb Mt. Lamborn or Landsend.

Multiple use:

As you use this area you may notice that the Forest is managed for a broad range of uses. Recreation use alone includes hiking, horseback riding, hunting, snowmobiling and sightseeing. In addition, the vegetation in the Forest requires some form of management. Timber harvest and livestock grazing are both forms of land management you may encounter while using this area. The livestock grazing on this area is managed in a very progressive and specific manner. The fences and gates that you may see are critical to managing the livestock and meeting the resource objectives that are planned for this area. Please close all gates that you open as you travel through the area. Controlling the livestock in the manner that we have planned is important.

Be prepared for inclement weather at all times.

Familiarize yourself with the area.

Please don't litter!
